preparation

Alumni Talk

What happened in my days?

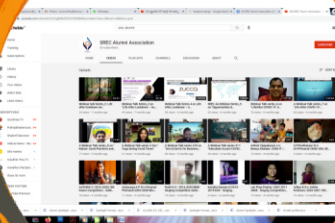

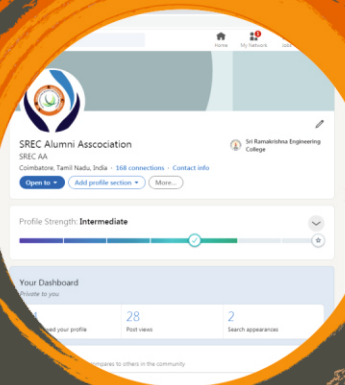

- Computer age - Did not matter what you studies - do a computer course and become ITK problem solver
- 2 years later - ITK was gone and
- people focused on Internet and java
- 4 years later that was gone
- Application development and automation
- Not so much of hope now
- Mobile programming and app development
- Wave still going on
- Artificial Intelligence and Machine learning
- New kid on the block

What do you understand from this?

Change is constant
Like it or not get used to it

Alumni Talk

Mr. S. Sanjeev
Krishnana

About

See all

The College came into existence in the year 1994. It is an autonomous college, affiliated to Anna University, Chennai and approved by All India Council for Technical Education (AICTE), New Delhi, and is accredited by NBA and Government of Tamil Nadu.

The association was formed on 15th April 2004. It has over 100 members. The association is a non-profit organization. Its main objective is to bring together the alumni of the college and to provide a platform for them to share their experiences and to work together for the betterment of the college and the society.
