will preside over the function

Prof.P.R.Ramaswami

Former Principal – Government College of Technology, Coimbatore
Former Managing Trustee – SNR Sons Charitable Trust

Prof.P.R.Ramaswami was born on 1st November, 1915. He did his “Intermediate” at the Government Arts College, Coimbatore, and his undergraduate degree in science in the Presidency College, Madras. Seeing his proficiency in studies, his father sent him to do the BE (Construction Engineering) at Manchester University, United Kingdom. After World War II, on graduation, he joined the Floating Dock construction section of Port Trust at UK and worked for 3 years and returned to India in 1944.

He started a company named “Allround Construction Company” in 1944 and got a government contract in 1945 to lay the cement concrete road from Coimbatore to Mettupalayam for a stretch of about 40 Kms. He strictly and meticulously followed all the specifications and a splendid job was done. The road is laid to perfection with curves and super elevations which made travel a pleasure. This cement concrete road project was a test of his integrity.

He started his teaching career as Professor of Civil Engineering in the Government College of Technology in 1947, which assignment, he had taken in an honorary capacity and later he got elevated as the Principal of the same institution.

He endeared himself to the students, being loving, kind, very talented, gifted, easily approachable yet he was a strict disciplinarian. With his global exposure in academic curriculum, he suggested to the University of Madras the implementation of Semester System. During his tenure as Principal, there were tremendous expansions in buildings for the college and the hostel.

Prof.P.R.Ramaswami fondly known as Prof.PRR, was an icon amongst the pedagogues, he was illusionary and a shining star in the college galaxy, in short a perfect gentleman and a best teacher.
